# Who's here?

# Year?

# LEND Program?

# What did you learn from the panel discussion to bring back to your program?

creative family-centered care

Learning is continuous!

importance of care coordination!

Let the family lead the discussion

There are many ways to care for and support our patients, no matter the distance or the circumstances.

Always put the family's goals are the forefront.

the importance of including the family in the conversation

Value of all the stuff "outside of the box"

Be creative when working with families & their needs

# What did you learn from the panel discussion to bring back to your program?

Importance of paying attention to needs of parents for making clinic visits accessible

that there are so many great LEND trainees in the field that i can reach out to for information - everyone is so knowledgeable in their own ways! :)

The history of EHDI! And different ways to think about case studies! Thank you for a great talk!

Reading what the family is ACTUALLY asking about when counseling. If they ask about their child playing sports, they're asking about hopes and dreams, not technicalities.

Critical nature of touch points outside of the audiology clinic (e.g., phone calls, video visits)

Ways to build off and "re-purpose" previous knowledge/research into new innovate ways that support our changing field

Listen!

Importance of meeting families where they're at and individualizing care
