Project TAPP

What is Project TAPP?

Project TAPP: Teaching, Autism, and Practitioner Preparation

Our team provides a series of workshops at no cost, followed by follow-up support, to paraprofessional and teacher teams working with students with autism in Texas.

During follow up, we provide check-ins, resources related to the workshops, and individualized support based on need.

To learn more visit:

<https://blinc.tamu.edu/projects/tapp/>

WORKSHOP TOPICS:

- Basics of ASD
- Promoting Independence
- ABA Strategies
- Motivation vs. Skill Deficits
- Preventing and Responding to Challenging Behaviors
- Increasing Communication
- Creative and Small Group Instruction

If you are interested in arranging a workshop for your region or district please contact us at:
